## MINGLED NEWS OF MONASTIR

SERBIANS MAY YET HOLD OR  
MAY HAVE LOST THE CITY

(Associated Press)

London, Nov. 20.—An Athens dispatch to the Exchange Telegraph Co. says that Serbian troops at Monastir succeeded yesterday in advancing about four and two-thirds miles. The telegram adds that the intentions toward Monastir of the Bulgarians who have occupied Perlepe are unknown.

Although no official confirmation has been received of the report that the Bulgarians have captured Monastir, little hope is felt here that the announcement is premature. The impression is growing that the Allies arrived too late to aid the Serbians. The Serbian military situation is going from bad to worse. In the north the main Serbian armies are giving way slowly before the battering of the Teutonic forces, which probably would move faster if the weather was better. It is established that if the Bulgarians have taken Perlepe Monastir would be untenable.

### ANGLO-FRENCH TROOPS ARE NOT ADVANCING

The Anglo-French armies based on Saloniki seem doing no better than to hold their positions. An optimistic feeling regarding the diplomatic situation with Greece persists. Reasons for this optimism continue obscure, however.

### WEATHER CLOGS THE WAR

The weather has intervened again in Russia. Little activity is reported on any of the fronts.

### GERMANS CAPTURE MORE SERB SOLDIERS

Berlin, Nov. 20.—The war office announces the capture of 2,800 more Serbians.

### SQUARE THING DONE

With kind personal regards,  
Yours very truly  
T. W. Parsons, Supt.

### TROUBLE BETWEEN LABOR ORGANIZATIONS AVOIDED

American Federation Narrowly Escaped Losing 200,000 Members

(Associated Press)

San Francisco, Nov. 20.—By adopting resolutions offering a solution to the trouble between the Machinists' Union and the United Brotherhood of Carpenters and Joiners, the American Federation of Labor avoided losing 200,000 members. The resolution was substituted for one calling for the withdrawal of the carpenters' charter. Officials declared the adoption of the resolution withdrawing the charter would disrupt the federation.

### BUSINESS IS BRISK AT

HELVENSTON'S SALE

Our sale has thus far been a success in every sense of the word, and the public has not been slow to see the immense saving of buying goods at the first of the season instead of the end at sacrifice prices. We solicit your continuance of the past few days' most extraordinary trade.

## SUB CHASING AN ITALIAN STEAMER

CLOSE CALL FOR THE VERONA  
OFF THE SPANISH COAST

(Associated Press)

Madrid, Nov. 20.—A telegram received today gives news of a wireless message said to have been sent out by the Italian steamer Verona, stating that she is being pursued by a large submarine with two periscopes. According to the telegram the submarine is accompanied by a steamer. The Verona's position is given as latitude 40, longitude 6, off Cabopalo.

The telegram was received from Soller on Majorca Island in the Mediterranean off the Spanish coast.

### CURIOUS PEOPLE

(Associated Press)

### HARVARD IS PROVING TOO MANY FOR YALE

(Associated Press)

Cambridge, Mass., Nov. 20.—The score at the end of the first period of the football game between Harvard and Yale is Harvard, 13; Yale, 0.

### JIMBOB IS A GEM

Messrs. Robert Clarkson and James Taylor launched their handsome new, high power motor boat into the crystal waters of Silver Springs yesterday afternoon, in the presence of quite a crowd of friends and relatives. Collier brothers hauled the boat to the Springs from Mr. Clarkson's home, where it was built, and launched it right off the wheels of the wagon, the vehicle having been backed out into the water.

The boat was christened "Jimbob," a name coined from those of the owners and builders, Jim Taylor and Bob Clarkson, and was christened by Mr. Clarkson's baby brother, Harry, by the breaking of a bottle of ginger which foamed just like a bottle of champagnes and had lots more "ginger" in its make-up, and that is something this boat is filled with, for she is equipped with a high power motor and will develop great speed.

The boat is 24 feet long and will seat a dozen passengers comfortably. She steers with an automatic wheel and the powerful machinery is all housed in and concealed under the long forward deck. The boat was designed and built entirely by the owners, mostly by Mr. Clarkson. The lumber was all cut at Taylor's mill and is of the most beautiful woods, many different kinds of both hard and soft woods being used. The lines of the boat are very graceful. There is not an ungraceful point about her, and the finish and fittings are perfect. Her young builders have a vessel that they may well be proud of, and all the more so, that she is entirely their own handiwork and home-made.

There is no better built or finer finished pleasure boat on the Springs or river than the "Jimbob" and the builders and their friends will spend many a pleasant hour riding in her.

Mayor Robertson and Mr. H. W. Tucker were up and out early this morning. They went over in the big scrub, killed a fine buck and were back in time for dinner.

At the Temple tonight is the Pathe News and Cartoons, always extra interesting, and "My Lost One," a particularly fine Broadway drama. There are two mighty funny comics, all making up an excellent bill for the afternoon and evening.

## ABOUT TO BREAK THE THIN ICE

SLENDER TIES BETWEEN ITALY  
AND GERMANY MAY BE  
SEVERED

(Associated Press)

London, Nov. 20.—The Central News correspondent at Berne, Switzerland, telegraphs:

Diplomats understand that an Italian declaration of war on Germany is only a matter of hours.

## CARRANZA'S MEN SURROUND CANANEA

VICTORY SEEMS TO HAVE DEFINITELY  
DEPARTED FROM  
VILLA

(Associated Press)

Douglas, Ariz., Nov. 20.—Cananea is surrounded by Carranza troops endeavoring to cut off Villa forces under Rodriguez, according to advices to Carranza officials here. The claim is made that the battle in that part of Sonora is turning in Obregon's favor. Indications of another Carranza victory are apparent, officials said, in advices stating that Villa's main army at Nermosilla has been cut off with communication with Nogales on the border.

### SEVERE STORM SWEEPED THE EASTERN STATES

High Wind and Heavy Rain Yesterday from Florida to New Hampshire

New York, Nov. 20.—Gales accompanied by rain swept over New York, New Jersey, Pennsylvania and the New England states yesterday, seriously interfering with telegraphic communication in many places, and endangering shipping along the coast. Conditions in these states, termed "the most unusual in many years" by the weather bureau, were created by a heavy storm moving in a north-westerly direction up the coast and another storm of almost equal intensity moving east and slightly north from the Ohio valley.

As these two storms moved toward New England a low pressure area extending from Southern Pennsylvania to Maine was created. At New York city the wind at 8 a. m. had a velocity of between 60 and 65 miles an hour. Similar heavy winds were reported from various points over the low pressure area. At 7 o'clock last night it was blowing 48 miles per hour.

### FUNERAL SERVICE

OF MR. CROWELL

The funeral services of Mr. W. D. Crowell, who died at the hospital yesterday was held at the McIver & MacKay chapel at 11 o'clock this forenoon with Rev. Herndon, of the Presbyterian church conducting the services.

After a short service at the chapel the body was conducted to Greenwood cemetery, where the local lodge of Odd Fellows held their ritualistic burial services.

The pall bearers were Messrs. W. L. Colbert, Jake Brown, J. W. Dodge, Chas. W. Smith, W. C. Blanchard and L. F. Ballard.

Mr. Crowell was born in Illinois eighty-three years ago, and for the past four years has been a resident of Marion county. He leaves a wife and three sons, one of the latter, being present at the funeral.

### HOUSEKEEPER WANTED

A middle aged man with four young daughters wishes a steady, middle-aged white woman who can give best of references to keep house for him. She would be required to do the house work with the assistance of the girls, who attend school. A good home for the right woman. Chandler, 610 Palm Avenue, Miami, Florida, or inquire at the Star office for particulars. 11-19-tf-d&w

Mr. J. G. Kichline of Eastlake was in town yesterday.

## WHAT WE WILL HAVE HERE

SHOULD WE FAIL TO VOTE  
COUNTY DRY ON DECEMBER  
SEVENTH

As our readers will remember, in an article a few days ago we expressed the opinion that should Marion county go wet December 7th, it would soon be found that the Davis law had brought about a worse state of affairs than we had when the saloons ran on the old system. A very good proof of our claim may be found in the following dispatch from Pensacola to the Times-Union.

### DAVIS LAW INCREASES DAMP- NESS

Pensacola, Nov. 16.—The Davis package law, passed by the last legislature and designed to curtail the operations of saloons by compelling them to close at 6 p. m., sell only in packages of not less than one-half pint and do sundry other things, instead of putting an end to drinking really opened up the saloons, that is so far as Pensacola is concerned, for down in the middle of the new law is what might be termed a "joker." This section licenses serving clubs and fails to put any regulation on their hours. As a result most of the saloons have moved. At least have moved their stocks to some adjoining building or one nearby and there the liquors are sold to be served in the serving clubs. The latter occupy the places of the saloons and as a result drinks are served over the bars at all hours of the day and night, including Sunday. Persons desiring to do so can order their liquors during the day, and they will be served at the serving club. Heretofore the city has compelled all saloons to close their doors at 10 p. m., and not to open until 5 a. m. Under the new condition of affairs the city is powerless in the premises and the saloons remain open throughout the night as well as all day Sunday.

### BUNCH OF HAPPY YOUNG BACHELORS

The Ocala colony at Fort Lauderdale, composed of young bachelors, has established a home known as "The Home of Matrimonial Possibilities." The young men all live there, and judging from the stationery used by them in their correspondence with Ocala friends, their home is conducted on business lines. The letter heading contains the names of Messrs. J. F. Bullock, A. J. Beck, W. I. Evans and W. S. Bullock as directors of the institution, while the name of Sonny S. Geise appears as chef. The many Ocala friends of these young men will be pleased to know that all are enjoying good health and an abundant prosperity in their new home. They expect to visit Ocala during next week to take in the big county fair.

## PROMINENT REPUBLICANS CONFER WITH PRESIDENT

DOUBTLESS WILLING TO SUP-  
PORT HIS PLAN FOR NA-  
TIONAL DEFENSE

(Associated Press)

Washington, D. C., Nov. 20.—President Wilson today met Senator Gallinger and Representative Mann, republican leaders, who conferred with him on the national defense program. It is evident that before Congress opens the president seeks republican support.

### HAPPY TIME AT THE BAXTER HOMESTEAD

Last night was an ideal one for the entertainment given by the neighborhood at the residence of Mr. and Mrs. J. E. Baxter on Silver Springs boulevard. The moon was almost as bright as day and the weather just cool and crisp enough to make everybody feel fine. Mr. Baxter had huge bonfires burning about the grounds and the porch was strung with Japanese lanterns, making the approach seem like fairyland.

After being cordially welcomed in the large living room by Mr. and Mrs. Baxter, the guests with one accord gathered around the big syrup kettles, where there was a quantity of juice, ice cold nectar fit for the gods. A bevy of charming young girls served the hot boiled syrup, ready for pulling, and fun ran riot as one by one, big and little, old and young, proceeded to get "stuck up."

There was also a lot of freshly roasted peanuts on sale and a neat sum was realized for repairing the pretty little neighborhood church across the road near the Baxter home.

At the call of Mr. Parker, the groups from all about the yard assembled around one bonfire to listen to a splendid, practical temperance talk by Dr. Herndon, pastor of the Presbyterian church in Ocala. Following Dr. Herndon was Master Herschel Roberts, the bright little son of Mr. and Mrs. Vernie Roberts, who gave two temperance recitations in fine style. Master Roberts received a round of applause. Several temperance songs were sung by the young people and Dr. Herndon closed this part of the evenings' exercises with an earnest prayer for God's blessing on the temperance cause and upon the good people of the Fort King neighborhood. Mr. Baxter gave in a conversational way many facts from "dry" Kansas, which state was his home before coming to Florida. He will "lend a hand" to help Marion go into the dry column during the campaign.

Mr. and Mrs. Baxter are comparatively new citizens, having bought the old Geiger home two miles from town a few months ago. They are substantial, good, Christian people, just the kind we need to make us strong in every way.

There were besides the neighbors a large crowd from Ocala, among whom we noted Mr. and Mrs. L. N. Green, Mrs. Todd, Mrs. W. W. Condon, Mr. and Mrs. W. A. Goin, Miss Frances Tarver, Dr. and Mrs. E. Van Hood, Mrs. Vernie Roberts, Miss Cevie Roberts, Messrs. Willie Hood, Clarence Blalock, Miss Dovie Gates and others.

We are home again, ready for all kind of signs and decorations. The Dodge Sign Co. 20-t3

Mr. G. W. Crum of Maryland, one of our winter residents, was in town from Lake Weir yesterday.

## ORLANDO SUFFRAGE LEAGUE ADMITTED

Florida Federation of Women's Clubs  
Favors Votes for Females

(Associated Press)

DeLand, Nov. 20.—The Florida Federation of Women's Clubs by a vote of one hundred to five went on record in favor of woman suffrage. The federation admitted to membership the Orlando Suffrage League, the first organization of its kind in the state. Last year the federation opposed suffrage for women.

## IT WAS AN AUSTRIAN

ALL DOUBT REMOVED REGARD-  
ING NATIONALITY OF THE  
SUB THAT SUNK THE  
ANCONA

(Associated Press)

Washington, Nov. 20.—The Italian foreign office has notified American Ambassador Page at Rome that it has no reason to believe the submarine which sunk the Ancona was other than Austrian. This clears the last possibility that the submarine might have been a German craft.

Parade and fair signs neatly, quickly and cheaply painted by the Dodge Sign Co. 20-3t

Mr. William Gist of McIntosh was in town today. He says McIntosh will be at the fair with a big corn display.
